THREE AUTO ACCIDENTS

Sunday furnished its quota of auto accidents, three being the record for twenty-four hours. A car driven by Miss Cara Bacon, in making a turn in front of THE NEWS office Sunday morning collided with a car driven by Merritt Slicer. Both machines were slightly damaged. Miss Bacon's car was forced over the sidewalk and curbing on to the court house lawn. Both occupants escaped injury. The Lexington Herald's delivery truck and a touring car belonging to Mrs. Thompson H. Tarr, collided Sunday morning. No serious damage was done to either car, and the drivers escaped unharmed. John T. Collin's machine collided about 5:30 o'clock Sunday evening with a grocery wagon belonging to L. H. Mulfinger. No serious damage was done, and no one injured.

The city authorities are considering establishing a "dispatching force" at the point near THE NEWS office, where hundreds of motorists make the turn for a return trip on Main street. Railroad men have already dubbed it "The Automobile Turn Around."

LECTURE AT BAPTIST CHURCH

Dr. J. W. Jouett, of Eminence, who spent two years "over there" as a member of the American Expeditionary Forces, will deliver a lecture at the Baptist church to-morrow (Wednesday) night, at eight o'clock under the auspices of the Men's Bible Class of the church.

The members of the Men's Bible Classes of the Paris churches are especially invited. Dr. Jouett is not only a prominent member of the Baptist church, but is also one of the most prominent Masons in the State. The lecture will be of general interest and profit to all who hear it.

MOB LYNCHES VERSAILLES NEGRO MURDERER

Richard James, negro, was lynched early Sunday morning at Versailles, following failure of a jury to agree on a death sentence for the murder of two men in the Midway distillery robbery last October.

Seven loaded automobiles were driven quietly to the Woodford county at 1:30 o'clock Sunday morning. Four men, masked and armed, aroused Jailer John H. Edgars and seized him when he appeared at the door.

The Jailer's keys were taken from him and he was guarded while the search of the jail for James was being conducted. When the mob's emissaries unlocked the door to the negro's cell James was bound and dragged out to an automobile. The automobiles were halted at the intersection of the Frankfort and Midway pike, a mile and a half from Versailles. There the prisoner was hanged to a tree, within a few yards of where another negro was lynched by a mob twenty-five years ago.

James confessed to the mob, just before he was swung up, that he had killed both men at the distillery, according to an unverified report.

Woodford county officials, notified by the jailer, cut down the body at 5 o'clock Sunday morning. Jailer Edger insisted that he did not recognize any of the men. The four who seized him wore black masks.

James, 35 years old and married, was placed on trial in Versailles, Thursday, charged with the murder of Ben Rogers and Homer Nave, young white men, killed one night last October, when a distillery warehouse at Midway, ten miles from Versailles, was broken into by three negroes.

James was indicted for murder and the two other negroes were indicted as accessories. The jury was dismissed Saturday afternoon by Circuit Judge Stout after being out twenty-four hours, when one juror refused to inflict the death penalty.

FIRE DESTROYS CLARK COUNTY RESIDENCE

A brick residence on the place of H. V. Thompson, on the Clintonville road, about 8 miles from Winchester, was destroyed by fire Friday night. The place had been vacated by A. H. Russell on the day previous, and the origin of the fire was not determined. The loss was partially covered by insurance.

Y. M. C. A. NOTES

The "Invitation Rehearsal" of the Y. M. C. A. band Friday evening promises to be largely attended. About 500 invitations are being sent out by the members of the band and preparations are being made to seat the crowd in the Y lobby also.

The Y. M. C. A. basketball teams celebrated the close of the season by defeating Frankfort in both games Friday evening, the men winning 34 to 27, and the women winning 25 to 4. The men's team will hold their first annual banquet and "get together" for the election of next year's captain on Thursday, March 24, at 6:30 p. m.

The Y. M. C. A. Boys' Work Committee is planning to assist in promoting the Boys' Scout work in Bourbon county during the present year. Plans are being made for each church to have its own Scout Committee, Scout Master and patrols. A meeting of the members of the various church scout committees will be held at an early date, and arrangements made for organizing and promoting the work on a large scale. Already several of the churches, through their pastors and officers, have expressed their desire to put on the work.

The Hi Y Club is assisting in the promotion of the High School Bible Study Contest. Sixty-three High Schools with about 3,000 students are enrolled. According to the last report Paris stood third place. The course closes April 1st. The winning school is awarded a silver cup. A great deal of enthusiasm and rivalry is developed among the students in the schools. Every male student in Paris High School is enrolled in the course.

Practice for the High School District Athletic meet, to be held in Paris, April 19 and 30, was begun at the High School yesterday. The events include the 50 and 100 yard dashes, running high and running broad jumps, standing hop, skip and jump for boys 115 pounds and under, and the same events for boys over 115 pounds. In addition, several school events are on the program. They are ½-mile relay, body tug of war, setting-up drill. At least 100 of the leading High School athletes from the counties of Harrison, Robertson, Mason, Fleming, Nicholas, Bath, Rowan, Montgomery, Menifee, Powell and Bourbon are expected. The meet is being conducted by the State Y. M. C. A., assisted by the Bourbon County Association.

The Business Men's Volley Ball team is rapidly developing "speed" and is ready to receive challenges from other teams in the State.

The Y Educational Committee met last week and selected the following publications for the twelve months beginning April 1: Cincinnati Enquirer, Lexington Herald, Saturday Evening Post, Life, Literary Digest, Youth's Companion, Christian Herald, Sunday School Times, Farm and Fireside, Inland Farmer, Christian Endeavor World, The American, Popular Mechanics, American Boy, Association Men, Boys' Life, The Open, The BOURBON NEWS and Kentuckian - Citizen (complimentary), Road and System. The contract was awarded the Myall agency.

Mr. F. W. DeMar, of the New York office of the Y. M. C. A. Correspondence Schools, will be in Paris, March 28, for a week, to assist the Bourbon County Educational Committee in a special campaign for students. The school offers about 200 courses, a large number being arranged particularly for farmers.

BOURBON CIRCUIT COURT

The March term of the Bourbon Circuit Court convened yesterday morning for a three-week session, with Judge Robert Lee Stout presiding, and the prosecution represented by Commonwealth's Attorney Victor Bradley, of Georgetown, and County Attorney D. D. Cline, of Paris.

Following administration of the oath to Sheriff Wm. G. McClintock and Deputy Sheriffs R. M. Gilkey and James Gibson, the grand jury was selected and sworn in. The jury is composed of the following: John Woodford, foreman; John R. Fisher, Chas. B. Layson, Tollie Young, Lindsay Stewart, S. W. Spears, J. W. Young, Jr., T. J. Kiser, H. L. Baldwin, Robert Jones, Wm. P. Worrell, A. H. Buckner.

In his charge to the Grand Jury Judge Stout called attention to the fact that in their hands and also those who were to follow them on future juries rested the reputation of Bourbon county for peace and good order. "Under our system of jurisprudence," he said, "there can be no punishment of crimes committed until first an indictment has been returned by the Grand Jury, except in cases of a minor nature." "I take it for granted," he continued, "that you gentlemen of the Grand Jury have read in the papers of the occurrence yesterday in the neighboring county of Woodford, where a mob, without excuse, took from the county jail a prisoner and executed him. I have been going over the State bragging about the absence of the mob spirit in this district, and of the desire of the citizens to uphold the law. I mention this because of the fact that but for the presence of one man unfit for jury service on the Woodford county jury, there would not have been such a demonstration as occurred in Woodford county Sunday morning."

Judge Stout deplored the fact that so many good citizens tried to avoid jury duty, and said he wished he had the power to inform all prospective jurors of the importance of the service they were called upon to undertake. All matters submitted to juries, either petit or grand, are important, because of the principle involved. When a great crisis arises as arose in Woodford county, it requires men of the highest type of citizenship to serve as jurors. Whenever a defendant feels that he has been tried by a fair jury he is in a measure satisfied. When the citizens feel that both the defendant and the State have had a fair and square deal from the jury, there will be no trouble. So long as the courts are compelled to take on men who are not fit to serve as jurors there will occasionally crop out the mob spirit. The State does not exact great sacrifices from its citizens, when it asks them to serve as jurors. It was a matter of satisfaction to him, Judge Stout said, that he had been informed by the Sheriff and County Attorney that conditions in Bourbon county, so far as violations of the law are concerned, are excellent. Of course, there are some violations of the law, but the general conditions are something to be proud of. It is a valuable asset to any community to have a reputation for peace and good order.

At the conclusion of the Judge's charge the members of the Grand Jury returned to their rooms to begin their labors. The case of Raymond Fryman, charged with cutting and wounding Dr. Bayless, of Louisville, during an altercation on the North Middletown pike, about a year ago, will be called for trial during this term. A number of cases for alleged violation of the prohibition laws are also on the docket, to be tried at this term.

Judge Stout issued an order yesterday calling a special term of the Woodford Circuit Court for March 26, to conduct an investigation into the lynching of Richard James, colored, on Sunday morning, near Versailles by a mob of masked men.

COMMERCIAL CLUB LUNCHEON.

Robert Lee Stout, Judge of the Bourbon Circuit Court, will speak at the Commercial Club noon luncheon to-day. Judge E. M. Dickson will act as toastmaster. The announcement that Judge Stout will speak will be welcomed not only by the members of the bar, but by all who are acquainted with him. Judge Stout is a very impressive speaker, and the fact that he has seldom spoken before meetings in Paris in the past will make him all the more welcome. There has been some misunderstanding about the luncheon, many having gained the impression that it is to be served in the Wilson building, as were the last two. It will be served at the Methodist church by the ladies of the church, who have arranged an excellent menu. They can serve about eighty. A few tickets may yet be obtained at the Commercial Club office.

A playgrounds supervisor from the Community Service, Inc., of New York, will be sent to Paris about April 20, to supervise playgrounds work and other community activities of this city. This decision was reached at a meeting of a Commercial Club committee addressed by A. Lyle DeJarnette, a representative of the Community Service. A request that the supervisors be sent to Paris was signed by all those present. Dr. M. H. Dailey, chairman, presided. He and Judge Denis Dundon gave reports on the activities of the committee and outlined the plans for playgrounds development. Those present were: John T. Collins, B. M. Renick, Miss Lucy B. Simms, Dr. and Mrs. M. H. Dailey, Mrs. Thomas Henry Clay, Jr., Catesby Spears, A. B. Hancock, Judge Denis Dundon, Wm. Collins, M. Peale Collier, Rudolph Davis, Mr. and Mrs. A. L. DeJarnette and Wm. E. Hacker.

A CORRECTION

Through misinformation from a supposedly reliable source, an item in the Millersburg news in a recent issue credited the Millersburg College basketball team with a defeat at Winchester by the Wesleyan College team. It should have read Millersburg Graded School team. The Millersburg College basketball team has made a record this season to be proud of and the young women did not take kindly to the impression that they had been defeated by the K. W. C. team. A similarity of names led to the mistake, which is hereby corrected that the public may understand.

SPRING STYLE SHOW IN PARIS APRIL 5-6.

Paris is to have a "Spring Style Show" on April 5 and 6. This was decided on at a meeting of Paris merchants held in the office of the Paris Commercial Club, when preliminary arrangements were made for the "show." The affair will be along lines of similar events held in many of the larger cities.

The style show, which will be held in the Paris Grand Opera House, will be extensively advertised throughout this section. Practically all merchants handling men's clothing, shoes, millinery, ladies' ready-to-wear garments, will make a showing of the latest styles, living models and mannikins being employed for the purpose. One performance will be given each evening. A special movie film in connection with the style show, will be presented by Manager Clarence Sprake, for the Phoenix Amusement Company operating the theatre.

Special showing of spring styles will be made by the following local merchants: Mrs. Mayme Parker, I. L. Price & Co., Mitchell & Blakemore, Jos. W. Davis & Co., The Leader Store, H. M. Collins & Co., Louis Wollstein, R. P. Walsh, Harry Linville, Frank & Co. and Chas. S. Goldstein.

THE TOBACCO MARKETS

Last week's tobacco market closed Friday with a tendency toward better prices, and a better quality of tobacco. The Bourbon Tobacco Warehouse Co. sold Friday at their Paris House a total of 94,335 pounds of tobacco for an average of \$13.31. The best average in either sale was that of 1,525 pounds, averaging \$40.88. The highest-priced basket brought seventy-three cents. The quality of the offering was better than that of previous day, more red leaf being on the floor. Receipts continued good, a large number of wagons remaining unloaded.

The Bourbon Tobacco Warehouse Company completed the sale, in the Paris House, selling yesterday 189,945 pounds for an average of \$14.14. The best sale of the day was a crop of 305 pounds belonging to Wm. Thorn, which brought an average of \$33.31.

Said the owl unto the monkey

Those short skirts may be lengthened over in Paris, France, where the percentage of skinny shins is large, but over here in Paris, Kentucky, land of the cornfeds, the underpinning of our girls, at last appreciated, will never ever forever be concealed again.

It will, of course, be to us a never-ceasing cause of regret that we were unable to attend the inauguration of President Harding. But then there are compensations. With our poor sight it is entirely probable that we would not have seen the procession until after it had driven by, and been quite unable to describe the costume worn by Mrs. Harding without reference to the Washington papers, which, likely enough, will not agree about it.

Nowadays there is a sign of spring that rivals the robin and boys playing marbles. It is the motorist in the act of cleaning and overhauling his machine. You'll find him almost anywhere with greasy hands and paint brush, after working hours and on Sunday morning. For enthusiasm and industry he compares favorably with the amateur gardener and the early fisherman.

Mr. Fordney was accompanied to the White House by Representative Green, Ia., ranking Republican of the Ways and Means committee. They expect to confer with the President again after the conference.

MOUNTAIN PEOPLE IN RELIEF FUND CAMPAIGN

Hindman, capital of Knott county, nestled among the foot hills of the mountains of Eastern Kentucky has furnished the most interesting story and experience in money raising during the recent campaign in this State for the suffering children in Eastern and Central Europe.

Fifty boys and girls, members of the Bible Class of the Hindman Settlement School, found their inspiration for the Campaign for European Children through reading the stories in the Literary Digest.

These young mountain people organized themselves into small bands after having thoroughly equipped themselves with information concerning the conditions in Europe, sallied forth to solicit from the villagers of Hindman and walked for miles and miles to the neighboring towns around Hindman, collecting their funds in small sums, totalling \$287.22, which was received at the State Headquarters of the European Relief Fund Council.

The Kentucky fund is still short of the goal by several thousand dollars. Check should be sent to Richard Bean, Treasurer, Board of Trade Building, Louisville, Kentucky, or deposited with any bank in the State.

Historic "Scrap of Paper."

CITY COUNCIL PROCEEDINGS

Mayor E. B. January presided at the recent meeting of the City Council with all the members, excepting Councilmen Burke and John J. Williams present. In the absence of City Clerk J. W. Hayden, who was ill, City Engineer Boener acted as clerk.

After disposing of routine business the matter of receiving bids for construction of streets, sewers and culverts was taken up and considered. Bids for this work will be advertised for, to be received at the City Building, at 7:30 p. m., on April 1. Mayor January reported proceedings of the Dixie Highway meeting held at Falmouth, which he, and Commercial Club Secretary W. E. Hacker attended. Councilman Catesby Spears and John T. Collins were appointed a committee to represent Paris at the meeting held in Frankfort, yesterday to consider the project.

After listening to the address by A. Lyle DeJarnette, of New York, on the subject of municipal playgrounds, it was voted to accept the offer of a lot in the southern part of the city, made by Mr. and Mrs. John M. Brennan. Mayor January announced that he would appoint the Improvement Committee to confer with the county road committee in regard to furnishing crushed rock for street construction and repairs to the city streets. Councilman McFarland reported that citizens in the neighborhood of Twentieth streets had requested lights placed from the Cemetery to Twentieth street. A number of building permits were allowed, and the Council adjourned.

Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.

Cotton and Oxygen.

Because the hollow fibres of cotton are loaded with oxygen they burn with a quick flash. When you add to cotton, which is already loaded with oxygen, oil, which is also loaded with oxygen, the excess of oxygen is likely sooner or later to make the cotton burst into flame. That is how spontaneous combustion occurs among oily rags.

Has Nothing to Do With Porker. "You have got the wrong sow by the ears," has nothing to do with the grunter in the yard. "Sow" was a large tub used for pickling or "sousing," and the word is often used in modern speech. The expression, therefore, means that you have the wrong vessel by the handle, lug or ear, or, as the Latin phrase has it, "you brought me the little jug instead of the great gosh." The French word "seau" means a bucket.

CIGARETTE

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

TRY THE OTHER TACK

Say, people of Paris, don't talk pessimism. It puts similar ideas into the minds of other people, and such ideas create doubt and uncertainty, and hamper the ordinary progress of commercial activity and expansion.

If you can't see anything good in the future get some other fellow to do your looking for you until you adjust yourself to conditions and acquire a better perspective of affairs in general.

If a man goes out in the morning and tells every person he meets that he is sick, and keeps up the fiction from day to day, it will grow on him until he is in reality unfit for business.

It is so in the business world. If you want to create disaster go out and preach it until other people begin to take stock in what you say and to see things as you do. Then you will soon have disaster—at least for yourself. This frame of mind was very much in evidence in Paris during the days following the opening of the tobacco markets, when the slump in prices caused many to go about with long faces, predicting everything would go to smash in the business world on that account. But Paris and Bourbon county didn't go to smash, and the old business ship is going along as smoothly as if there had never been such a thing in the world as tobacco.

If you want to make things better and brighter in the business world don't be pessimistic. Quit growling. Talk better times and put the joy of confidence into other hearts as well as your own. Paris and the county are solidly founded on good business principles and will continue to go along safely as long as we continue to make it our duty to take the advantage of opportunities and really do something to encourage and promote prosperity.

Cox, of Cynthiana, Referee in Bankruptcy for this district. The hearing will be held in Cynthiana on March 21.

J. F. Farris, Paris restaurant man, purchased recently of Dr. F. P. Campbell, a cottage and one acre of land located on South Cypress street, in the rear of the Paris Cemetery, at a private price. Mr. Farris purchased the property for his father, who will move to and occupy the home.

THE "SAMPLE CASE" MAKES A CORRECTION

Sunday week "The Sample Case" department of the Lexington Herald, devoted to the interests of traveling men, carried an item to the effect that Logan Howard, Paris grocer, would make Lexington his headquarters. This Mr. Howard denied, and Paris people accepted his statement. Sunday's Lexington Herald published the following correction:

"This column was in error last Sunday in stating that Logan Howard, of Paris, now representing Reed, Murdoch Company, of Chicago, in Central Kentucky, had established residence in Lexington and would have his headquarters here. Mr. Howard will continue to reside in Paris and conduct the operation of his large retail grocery there, and says that he is better prepared than ever to take care of his large trade in an efficient manner."

MASSIE HOSPITAL DONATIONS.

The Massie Hospital is in need of donations, especially linens, pantry supplies, etc., and as it is a local institution, conducted on the highest plane of efficiency, the people of Paris and Bourbon county should rally at once to its needs.

Mrs. Elbridge Snapp, superintendent, and a corps of efficient nurses are in charge of the institution, insuring patients the very best attention and treatment. If your loved one is ill or has been injured, he or she may be entered as a patient at the Massie Memorial Hospital, feeling perfectly confident that the best nursing skill will be administered.

Would it not be a fine idea to have a public donation fest for the Hospital? No public hospital is expected to be self-sustaining, and all are dependent on public patronage and the generosity of the town and county and the people generally. The local institution has made a most enviable reputation in its care of patients and by the efficient manner in which the business affairs have been administered.

Not only is a linen shower a crying need, but it would be well to have a pantry shower as well, to supply the larder of the institution. Individual gifts of linens, foods or money would be most acceptable at this time. This is a home institution. Give what you can.

RELIGIOUS.

The Auxiliary Circle of the Presbyterian church will hold their regular meeting in the church parlors at three o'clock this (Tuesday) afternoon. All the members are asked to be present, as there will be election of officers. Those having "blessing boxes" are asked to bring them to the meeting.

At a recent meeting of the Board of Officers of the Paris Christian church, final arrangements were made for engaging the services of Rev. Jesse R. Kellums, generally known as the "Sunshine Evangelist," to hold a revival meeting in Paris, in the latter part of April, or the first Sunday in May. Rev. Kellums is an orator of great power and eloquence and has been remarkably successful in his meetings.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

Mrs. Horace S. Bacon, of North Middletown, is convalescing from a recent severe illness.

Mrs. Alex Rice, who has been very ill at her home on Mt. Airy avenue, is improving rapidly.

W. E. Saulesbury, of Wyoming, Dr. J. S. Daily, of Madison county, are guests of their uncle, Dr. M. H. Dailey.

George R. Davis, who has been very ill for several days, was reported yesterday as being greatly improved.

Mr. and Mrs. Leonard Tully will leave this week for Gadsden, Alabama, where they will visit Mrs. Tully's mother, Mrs. W. G. Christopher.

Mr. and Mrs. Milo Wells and children, of Seventh street, have returned from a visit to Mrs. Wells' sister, Miss Annie Lisle, who has been quite ill for some time at her home in Winchester.

Bourbon county people in Florida are enjoying themselves, according to messages received here by friends and relatives. The returning tide will likely set in about the first of next month.

Mrs. Charles Hamilton entertained at her home in North Middletown with a birthday party in honor of her son, Thomas Hamilton. The meeting was devoted to rook and other games. Delicious refreshments were served.

An important meeting of the Community Service Department of the Bourbon County Woman's Club is to be held in the club rooms at 3:30 Wednesday after, regular club meeting. Every member is asked to be present if possible.

Mayor E. B. January, Commercial Club Secretary Wm. E. Hacker, John T. Collins and Catesby Spears were in Frankfort yesterday, representing Bourbon county at the Dixie Highway meeting to consider the rerouting movement by way of Falmouth, Cynthiana and Paris.

There has been a decided dearth of social affairs during the Lenten season, the young folks abstaining from terpsichorean revelry for that period. After Easter the social whirl will be resumed featured by several dances and other forms of social entertainment.

Miwago Springs, at Milan, Indiana, is beginning to share honors for popularity with Paris people.

Dr. George S. Varden has returned there for "a second time on earth." Mrs. Nellie Stoker Highland has been a guest there for some time. Miss Sue Jordan returned last week. Other Parisians are planning to go to the Springs in the near future. A. W. Cottingham, of Paris, was born and raised near Milan.

Writing from Jacksonville, Fla., under date of March 10, Louis Grosche, formerly of Paris, who has been spending the winter in Florida, says: "I called on Joe Patton and Fred Baker to-day. Both looking fine. Both run out of here on the Seaboard line. Joe says Ed. Nippert at St. Petersburg is well and healthy. I was at the Union Station here to take train for St. Petersburg seven weeks ago, but was afraid to try the trip and was in hospital four weeks. Thought my troubles were over, but a patient slipped in who had the small pox, and as I've missed nothing in the physical ailment line for five years, I promptly contracted it, and was quarantined for four weeks, so I've had a lively trip and the scenery is fine. Four weeks of glorious weather ended yesterday in rain, and to-day is chilly. Only one Kentuckian here, from Henderson, to attend the National Editorial Association meeting."

SOME FOOLISH PARENTS

(Stanford Interior-Journal)
We read the past week of half a dozen cases of the shooting of children by other children playing with fire-arms. One boy killed his own mother accidentally while trying to extract a marble from a rifle and another boy shot his mother only a few weeks ago in Eastern Kentucky, so that she died in a hospital in a day or two, the bullet which brought death to her coming from a rifle her husband had purchased for a nine or ten year old boy to play with.

Now, if there is anything more

foolish than the parent who gives his young son a deadly gun to play with, we do not know what it is. Children naturally want to experiment with things. Give them a gun and they're going to try to find how the thing works and they're not going to be particular about seeing which way the thing is pointed when they are making the trial.

We have seen children carrying guns, from rifles to airguns, the latter as deadly as the former in many cases, and we have wondered how the parents could expect the children to take thought of consequences when they themselves fail to do so. Over in Fayette county a year or two ago, Judge Frank Bullock, of the Juvenile Court, instructed the officers of that court to confiscate every gun of any kind found in the hands of children in the street. That is a good thing to do everywhere, only the parents should confiscate them now and see that the children do not get them back until they have reached an age where they at least will know whether a gun is loaded before they point it at somebody else's body or eyes or head.

Calcium chloride has been shown to be useful for hastening the hardening of concrete. With a little of this substance added to some cements, the hardening of the concrete increased about 100 per cent in one and two days.

MUSIC SMILES FROM HERE AND THERE

When there is music in the air, we all are blithe and gay; and when we read bright "Topics" jokes it works the self same way. If it were not for music to what strains would we dance? Likewise 'tis musical accompaniment that to singers gives a chance. No matter what the instrument that persons chance to play, good music adds joy to living, as do "Topics of the Day" (Films.) Now, some music it is mirthful of a kind we all enjoy, and some tunes are most hurtful in the way that they annoy. But, funny words help many a song to register a hit; so that is why, dear readers, "Topics" jokes now we submit:

Young woman (entering music store): "Have you 'Kissed Me in the Moon Light'?"

Clerk—"I don't think so; I'm new here. Maybe it was the other man."

—Ft. William Times-Journal, (Canada.)

"Why do you allow your daughter to bang the piano so hard?"

"I'm hoping she'll either sprain her wrist or bust the instrument."

—Boston Transcript.

Toinette—"I hear there was lots of music at Nellie's house last night."

Tony—"Yes! Charlie proposed and gave her a brass band."

—Kutgers.

"I am always moved by the sound of music," said young Phathead as the clock struck eleven.

"Let me play something for you," said Miss Uplate, with sudden eagerness.—Jack Canuck, Toronto, (Canada.)

Tim—"A pretty girl is like a melody."

Jim—"Yes, I saw one the other night that looked pretty sharp, and she knocked me flat, so I sent her a note."

Tim—"What did she say?"

Jim—"Oh, she told me not to play around."—California Pelican.

Tessie—"Agnes always finds something to harp on."

Bessie—"Yes; I only hope she will be as fortunate in the next world."

—N. Y. U. Alumnus.

"Bobby, I see your music teacher coming. Have you washed your face and hands?"

"Yes'm."

"And your ears?"

"Well, ma, I washed the one that will be next to her."—Boston Transcript.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. All Druggists. Circulars free. P. J. Cheney & Co., Toledo, Ohio.

PROSPEROUS DAYS RETURNING.

The period of good trading days is returning, if indications at present are to be depended on. A number of Paris merchants, when approached by THE NEWS man for an expression of opinion on the subject, stated that they have had a fine run of business lately, and that the indications for the future point very decidedly to a return of good days. With the approach of spring and good weather business affairs will be better than for some time.

Quite a number who contemplate building have gone so far as to engage architects who are engaged in making plans and specifications. Unless all indications fail it will not be very long until the sound of saws and hammers will be heard from different parts of the city, and dull times will have been pushed far back into the past.

OUT O' ORDER STOMACHS

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the soreness, heartburn and belching of gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion; dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay dyspeptic! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. (adv)

GETTING READY FOR SPRING

Spring weather has come and farmers are busy throughout the county making preparation for the year's crop. Gardens are being cleaned up, fertilized and made ready for the plow, and things have begun to hum. Farmers are preparing to cut the tobacco crop in half, and beds are being burned and made ready in every section of the county.

Business is Good

Our January and February business was good. In fact, it practically equaled our best January and February in the last four years.

Ford prices are low—the big price reductions have been made in anticipation of continuous maximum factory production and increases may be necessary if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible INCREASES.

On account of recent curtailment in production we anticipate a shortage of Ford cars in a few weeks. This shortage has already developed in certain models.

So if you contemplate the purchase of a Ford—BUY NOW. Satisfactory terms can be arranged.

Studebaker

SERIES 21 BIG-SIX

—for comparison only with the very best

The performance of the BIG-SIX may be equalled by a few cars—it is excelled by none.

There is a delightful harmony in the silent, steady pull of its 60-horsepower detachable-head motor, at either low or high speed.

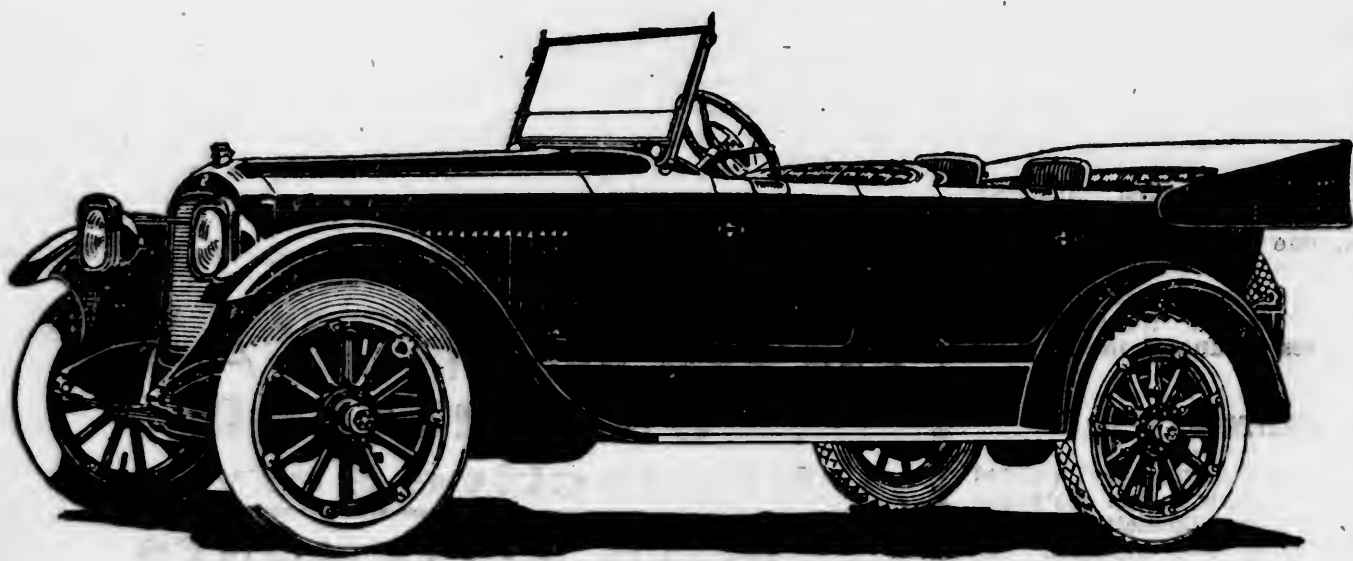

If you pay more than the price of the BIG-SIX you may buy more weight, but it is impossible to get finer materials than are used in the BIG-SIX. Its light weight—3125 pounds—and the use of the highest quality materials, contribute in making the BIG-SIX the greatest seven-passenger automobile value on the market today.

Take a demonstration ride in the BIG-SIX—drive it yourself if you like—and you will know why Studebaker is the most popular car in America.

SWIFT & CO.'S WEEKLY PRODUCE REVIEW.

The increase make of butter as noted in last week's review continues and there is some accumulation of stocks in the selling markets, resulting in lower markets for butter and butterfat.

Poultry receipts are smaller and prices are higher. A good demand for live fowl is expected on account of the approaching Jewish holidays.

Egg prices are on a lower basis than last week, due to a surplus in excess of current requirements. Some eggs are being placed in storage, but so far, the price has been too high to create much interest.

Grandmother Used Mustard Blisters To Relieve Congested Conditions

Grandmother Also Walked to Town If She Wished to Do Any Shopping—Do you Wish to Return to Grandmother's Times or Take The Elevated Car? This Comparison In Brought Before You For The Simple Purpose of Illustrating Why People of To-day That Are Up-to-Date Use MINTOL in Preference to Using Mustard Plasters and Smelly Mustard Creams.

For colds in the head, catarrh, grip, bronchitis or pneumonia simply apply a hot, wet towel to the throat and lungs for five minutes then apply MINTOL rubbing thoroughly in for five minutes and cover the parts with a hot, dry flannel, so arranged as to allow the vapors arising from the MINTOL to be inhaled. This treatment will be found as much an improvement over the old-fashioned mustard blisters and creams as the elevated is over walking.

NOTICE—MINTOL is the latest scientific discovery for the treatment of all congested conditions, such as occur in Spanish Influenza, Grip, Pneumonia and Bronchial affections. It kills the Influenza and Grip germ and acts as an antiseptic in healing inflamed throat or nostrils. For hoarseness, a little of the MINTOL applied to the back of the tongue will give instant relief, 35c, 60c and \$1.25 a jar. If your druggist cannot supply you we will send you a jar on receipt of price. The Home Relief Laboratories, Boston, Mass.

JUDGE LOUIS BRISTOW DEAD AT GEORGETOWN

Judge Louis L. Bristow, 65 years old, lawyer, for twenty-five years active in Republican politics, died at his home in Georgetown, Friday, of a complication of diseases, resulting from an infected tooth.

He was the Republican nominee for Lieutenant-Governor on the ticket headed by Judge O'Rear, nominee for Governor. Several years ago he opposed Congressman Campbell Cantrill for re-election, but again was defeated.

He filed a petition for the Congressional primary last August but withdrew it. He had served as County Judge of Scott County.

Judge Bristow was Republican County Chairman and a member of the Republican State Central Committee.

He was a native of Kenton county and came to Georgetown in his early manhood. He was a graduate of Georgetown College and married a daughter of Professor Rucker, president of the Female Seminary.

WHAT WOULD HAPPEN SHOULD WE PRINT ALL NEWS

Suppose an editor should just for once, relieve his mind by printing all the news he happened to know at that minute. Options would be thrown up, citizens arrested, families disrupted, fights fought on every street corner, candidates resigning, ministers leaving for distant parts, lawyers taking long vacations, business men turning things over to their clerks for a season, hired girls hunting new jobs, and so on down a long list of casualties.

And then, too, the editor would be so muddled up that his corpse couldn't be identified by his own family. A newspaper man doesn't know everything, but his work is such that he hears a lot that common prudence keeps out of the paper.

WORDS FROM HOME

Statements That May Be Investigated—Testimony of Paris Citizens.

When a Paris citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing, investigation proves it true. Below is a statement of a Paris resident. No stronger proof of merit can be had.

Joe Kiely, proprietor shoe shop, 11 Seventh street, says: "Doan's Kidney Pills did me a world of good and I take pleasure in recommending them to anyone suffering from kidney trouble. I was a sufferer from kidney complaint and my back ached most of the time. My kidneys were weak and the secretions were highly colored and contained sediment. I lost my sleep at night as there was no let up to the pain in my back. I got four boxes of Doan's Kidney Pills at Ardery's Drug Store and used them according to directions. They rid me of the trouble entirely."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kiely had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"Wolf's Bane."

Wolf's bane is a curious corruption. The Greeks named it white bane to distinguish it from the blue aconite. The Greek word for white is "leukos," but by a blunder the "e" was dropped and the word became "lukos," which is Greek for wolf.
